

1 OF ONLY **9** HOSPITALS
in the United States with heart attack survival rates
better than the national average

1 OF ONLY **2** MASSACHUSETTS HOSPITALS
to be included among the nation's 100 Top Hospitals®
for cardiovascular care

When it comes to your heart, KNOW YOUR NUMBERS.

It's about more than just good and bad cholesterol. Knowing where to go for your cardiovascular care is key to a healthy heart. At Lahey Clinic's Heart and Vascular center, our commitment to delivering the highest quality patient care is something we've been practicing for more than **80 years**. And you know what they say about practice.

At Lahey you'll find more than **30 top specialists** in everything from heart disease, to rhythm disturbances, to cardiothoracic surgery, and more. You'll also find thousands of patient success stories, which we confess, is our proudest number yet.

To learn more call 781-744-8460 or visit www.KnowYourNumbers.lahey.org.

Cardiac patient Mary-Joan Pelletier, North Reading, Mass.
