

**We take the guesswork out of
finding the right au pair.**

At Cultural Care Au Pair, matching the right au pair with the right family is a responsibility we take seriously. Unlike other programs which use computerized matching programs that leave a lot to chance, we've developed a more personalized approach to matching—one that ensures more rewards and less risk in the long-run.

After submitting your application to the our office in Boston, your regional manager will work with your local childcare coordinator to conduct a careful search to find the most appropriate au pair for your family's unique interests and childcare needs. This match is exclusively yours—meaning you won't be competing with other families while researching and making a decision about a potential au pair. Should you decide that this initial candidate isn't quite right, we'll continue to provide you with exclusive matches until you find an au pair with whom you feel fully comfortable.

*You only want the best au pair for your family...
and at Cultural Care Au Pair, so do we.*

**As America's leading au
pair program for more
than 15 years, Cultural
Care offers flexible,
highly-qualified care for
your children at a price
you can afford.**

For more than 15 years, Cultural Care Au Pair has matched thousands of au pairs with welcoming families like yours. To meet host families who have benefited from our unique matching process, please visit us online: culturalcare.com.

"Compared to other au pair agencies, Cultural Care Au Pair's matching process and customer service are far superior. Other agencies sent us many applications at one time, but we found it to be time-consuming and frustrating—more often than not, the candidates presented to us weren't appropriate for our needs or were no longer even available. My husband and I trusted the staff at Cultural Care to find us the best match and we're glad we did. Landi is just great!"

“Our host families appreciate Cultural Care Au Pair’s one-on-one matching process because it saves them time and ensures high quality matches. When I am matching a host family, I not only read their application and letter, I talk with them to understand who they are and what they really need. The matching process is not just about childcare experience, but also interests, personality, goals and life experience.”
